

Discharge from Hospital with Home Oxygen

Healthcare Professional

1 Inform your local Home Oxygen Service - Assessment Review service (HOS-AR)

2 Complete the Initial Home Oxygen Risk Mitigation Form or locally agreed risk assessment and Home Oxygen Consent Form (HOCF)

3 Complete the Home Oxygen Order Form (HOOF A)
www.baywater.co.uk
search for HOOF A

6 Show carers/patients pictures of the equipment, which can be found on our website

5 Inform the family and carers about the risk and safety of home oxygen plus equipment delivery and installation

4 Please indicate a preferred time slot AM/PM on the Home Oxygen Order Form (HOOF)

7 We will require access to the patients home to install the equipment and someone needs to be present

8 We will need to instruct the patient/carer on how to use the equipment safely

9 We provide all masks and nasal cannulas. Please do not send patients home with these items from hospital

12 For any enquiries, please contact us on 0800 373580

11 Order oxygen a couple of days prior to discharge if possible

10 Ensure the patient or carer has their phones switched on in case we need to contact them
